

Biblical Parenting

(Held on the 1st and 3rd week of each Month)

Say Goodbye to Whining, Complaining and Bad Attitudes in you and your Kids by Scott Taransky, D Min. and Joanne Miller, RN, BSN

Purpose:

Parents' changing the heart is a powerful way to help your children make lasting changes. God is ultimately the one to change a person heart but the day to day work of parenting is often used by God to do the long term work.

These videos are full of practical strategies to help you as parents so that you don't have to rely on anger to solve problems. Praying for your child and asking God for insight and wisdom often results in a deeper understanding of your child's heart and needs. These videos will help you to get to know your child better on a deeper level and parents will discover ways that you can move your children along toward maturity.

When you participate in the Biblical Parenting Series and bring your child (ren) to our KC Children Program; our KC staffs will be emphasizing the same truth with him/her that you are watching in the video series. What we are doing is joining together to assist your child to understand the important of God's truth. This will help to instill in your child the values that will assist him/her toward maturity. We want your child in their later years to have the knowledge and wisdom to stand firm on the right values that God intended.

Come and join us; let's learn and share our experiences and challenges together. We can have a 'PARTNERSHIP' together in the family of God.

Servant in Christ,

Rev. Damon Au

Dates	Time	Event	Topic

Help Change Kid's Heart—Not Just Their Behaviors!

Quarterly (Saturdays): Young Family (5 and under)
Purpose:

This video is especially beneficial for parents who child is 5 years and under. It approaches common parenting problems from the perspective of honor, not just obedience. Obedience gets the job done but honor deals with how the job is done. We'll talk about bad attitudes, meanness, wanting to be first or best, arguing, tattling, anger, and a host of other issues. It will give you as parents' practical suggestions that you can put into practice immediately.

Come and participate with us as we learn and grow together in God's principles in rising the next generation. We will meet in the home (TBA).
